ITEM 9: FEES TO THE MEMBERS OF THE BOARD

The recommendations of the nomination committee are available at the company's web site <https://www.norwegian.com/uk/about/company/investor-relations/>.

The nomination committee proposes to increase the remuneration to the members of the board. This is justified by the increased workload, the company's current situation and the need to attract international competence to the board. On this background, the nomination committee proposes the following remuneration, for the period until the annual general meeting in 2021:

Other members of the audit committee	Annual fee of total NOK 125,000

ITEM 10: FEES TO THE MEMBERS OF THE NOMINATION COMMITTEE

The Nomination Committee recommends that the compensation to the members of the committee remain the same. This implies that the members will receive remuneration as follows for the period until the annual general meeting in 2021:

The remuneration will be paid after the annual general meeting in 2021.

ITEM 11: FEES TO THE AUDITOR FOR 2019

The board of directors proposes that the general meeting adopt the following resolution:

“The general meeting approves the auditor’s fees in the aggregate amount of NOK 3,724,000, of which NOK 3,094,000 pertains to auditing of the company, NOK 478,000 pertains to audit related services and NOK 151,000 pertains to other advisory services rendered to the company.”

ITEM 12: ELECTION OF NEW AUDITOR

The audit committee has launched a tender process with respect to the appointment of a new auditor commencing from the 2020 financial year. On completion of the tender process and prior to the general meeting, the audit committee and the board of directors shall announce their recommendation for the auditor to be appointed, and a resolution in respect of such appointment shall be proposed for adoption at the general meeting.

ITEM 13: AUTHORIZATION OF THE BOARD OF DIRECTORS TO ACQUIRE TREASURY SHARES

The board of directors proposes that it be authorized to acquire treasury shares with an aggregate nominal value of up to approximately 10 per cent of the company’s share capital. The authorization may, as an example, be used in connection with employee incentive schemes.

The board of directors proposes that the general meeting adopt the following resolution:

1. *The board of directors is authorized to acquire treasury shares with an aggregate nominal value of 30,696,248.*
2. *The authorization applies until the annual general meeting of the company in 2021, but in any case, no later than 30 June 2021.*
3. *The highest price that may be paid per share is NOK 50. The lowest price that may be paid per share is NOK 0.10.*
4. *The board of directors may at its discretion determine the method of acquisition and any disposal of the shares.*
5. *This authorization shall replace the previous authorization to acquire treasury shares.*

ITEM 14: AUTHORIZATION OF THE BOARD OF DIRECTORS TO ISSUE SHARES

As described in the company’s prospectus dated 5 May 2020, the company may wish to convert additional lease and vendor debt to shares, or perpetual bonds convertible into shares, in the company. In addition, the company has entered into arrangements with certain lessors whereby the company during the period from 1 July 2020 to 31 March 2021 shall pay aircraft rental based on actual flight hour usage of each aircraft (“power by the hour” or “PBH” arrangements). Under these arrangements, the difference between newly-agreed reduced rental payment rates and the amount the company has actually paid for the use of the relevant aircraft until 31 March 2021 under the PBH arrangements shall be converted into shares or perpetual bonds of the company. The amount of liabilities to be converted under the PBH based on utilization of the aircraft in line with the Company’s business plan is estimated to be in the range USD 250 to USD 285 million.

Given the continued uncertainty surrounding the Covid-19 situation and the need for the company to be able to respond swiftly as the situation develops, it may be necessary for the board of directors to carry out issues of new shares (including private placements and repair issues) or convertible loans on short notice and without calling an extraordinary general meeting. Further, in order to obtain capital swiftly, with increased flexibility and/or without a prospectus offering, it may be necessary to deviate from the shareholders’ preferential right pursuant to the Public Limited Companies Act § 10-4 or § 11-4.

In this context, the board of directors proposes that it be granted wide authorizations to issue new shares and convertible loans, and that the general meeting adopt the following resolution:

1. *The board of directors is granted an authorization to increase the share capital by up to NOK [153,481,240]. [This amount will equal 50 percent of the share capital at the date of the general meeting.]*

2. *The authorization applies until the annual general meeting of the company in 2021, but in any case, no later than 30 June 2021.*
3. *The shareholders' preferential right pursuant to the Public Limited Companies Act § 10-4 may be deviated from.*
4. *The board of directors may determine that the new shares may carry a preferential right to distributions from the company before the ordinary shares of the company and/or that the new shares shall carry no or limited voting rights and be subject to transfer restrictions.*
5. *The authorization comprises capital increases against non-cash contributions and the right to incur special obligations, including mergers and demergers, cf. the Public Limited Companies Act § 13-5 and § 14-6 (2).*
6. *This authorization shall replace the previous authorization to increase the capital that is registered with Foretaksregisteret.*

ITEM 15: AUTHORIZATION OF THE BOARD OF DIRECTORS TO ISSUE CONVERTIBLE LOANS

The board of directors proposes that the general meeting adopt the following resolution:

1. *The board of directors is authorized to adopt resolutions regarding borrowings as mentioned in the Public Limited Companies Act § 11-1.*
2. *The aggregate amount of convertible loans that may be borrowed is NOK 10 billion (or a corresponding amount in another currency).*
3. *The share capital may in total be increased by up to NOK [153,481,240]. [This amount will equal 50 percent of the share capital at the date of the general meeting.]*
4. *The authorization applies until the annual general meeting of the company in 2021, but in any case, no later than 30 June 2021.*
5. *The shareholders' preferential rights upon subscription of the loans pursuant to the Public Limited Companies Act § 11-4 cf. § 10-4 and § 10-5, may be deviated from.*
6. *This authorization shall replace the previous authorization to issue convertible loans registered with Foretaksregisteret.*

ITEM 16: THE BOARD OF DIRECTORS' PROPOSAL FOR A SHARE OPTION PROGRAM FOR 2020

The current position with regard to share option programs

In recent years, the general meeting has adopted share option programs with the intention of attracting and retaining key personnel.

Those eligible for the LTI plan are primarily level 0 (CEO) and level 1 employees (those that report directly to the CEO).

2019 program

On 7 May 2019, the general meeting adopted a share option program limited to 1,200,000 share options. 1,200,000 options under this program were granted to ten executives in May 2019. These options may be exercised at the earliest in 2022, and at the latest in 2026. The exercise price is NOK 43, which was the average price of NAS shares on trading days during the first ten calendar days after presentation of Norwegian's first quarter 2019 financial results, plus 15 percent.

On 20 November 2019, 600,000 additional options were granted to two executives.

As of 1 March 2020, there were 1,650,000 outstanding share options under the 2019 share option program.

Recommended Share Option Program 2020

In contemplation of attracting and retaining key personnel, the board of directors proposes that the general meeting adopt a new share option program for 2020 on the following terms:

- The number of options is limited to 23,000,000 share options whereof one share equal one option, i.e. limited to 23,000,000 shares at a fixed price per share (exercise price).
- The options to be offered in the third and fourth quarters of 2020 and granted in December 2020 at the latest.
- The exercise price per share shall be the average price of NAS shares on trading days during the first ten calendar days after presentation of Norwegian's second quarter 2020 financial results, plus 10 percent (rounded to the nearest NOK 0.1).
- Up to 1/3 of the options may be exercised in 2021 and throughout 2023 at the earliest. The options shall expire after seven years.
- Each optionee's aggregated gross profit from his/her exercise of options under any share option programs in any calendar year shall not exceed five years' gross base salary.
- If an optionee leaves the company, the non-vested options will forfeit. Outstanding options exercisable at the date of such termination shall be exercisable no later than the first exercise period thereafter.

The board of directors recommends that the general meeting adopt the following resolution:

"The proposed Share Option Program 2020 is approved."

ITEM 17: APPROVAL FOR CONVENING EXTRAORDINARY GENERAL MEETINGS AT TWO WEEKS' NOTICE

As a main rule, a notice of a general meeting must be sent at least three weeks before the date of the meeting. Pursuant to the Public Limited Liability Companies Act § 5-11b no. 1, the general meeting may decide, with effect until the next annual general meeting, that the notice of an extraordinary general meeting may be sent two weeks prior to the date of the meeting provided that electronic participation is permitted. Considering the circumstances, it may be necessary or desirable to convene an extraordinary general meeting at two weeks' notice. Therefore, the board of directors proposes that the general meeting adopt the following resolution:

"For the period until the annual general meeting in 2021, the board of directors may decide to call for an extraordinary general meeting by giving minimum two weeks' prior notice, provided that the board has also decided that the shareholders may attend the general meeting by way of electronic participation, in accordance with the Public Limited Liability Companies Act section 5-8a."

ITEM 18: AMENDMENT OF AMOUNTS FOR THE MAXIMUM SHARE CAPITAL INCREASE THAT MAY OCCUR AS A RESULT OF ANY CONVERSIONS OF THE COMPANY'S OUTSTANDING CONVERTIBLE BONDS

In connection with the May 2020 restructuring of the company and as described in the company's prospectus dated 5 May 2020, the company has issued certain convertible, perpetual bonds to bondholders and lessors, and in addition an amount of the company's 2019 convertible bond remains outstanding. These convertible instruments are subject to certain Euro-market standard anti-dilution provisions which imply that the conversion price may be adjusted on certain events. As it is not possible for the company to determine at this stage to what extent the conversion price may be adjusted in accordance with the terms of such instruments and as a result of future resolutions, it is proposed that the amounts of the maximum share capital increases resulting from conversion of such instruments should be registered at a level equal to the theoretical maximum, being the principal amount of the bonds in NOK.

The board of directors proposes that the general meeting adopt the following resolution:

“Reference is made to ISIN: NO 001 0868284: USD 34,500,000 Norwegian Air Shuttle ASA Senior Unsecured Convertible Bonds 2019/2024 registered at Foretaksregisteret on 26 May 2020 (CB). The maximum share capital increase resulting from conversion of the CB shall be amended to NOK 364,071,600.

Reference is made to ISINs: NO 001 0883416, NO 001 0883432, NO 001 0883457, NO 001 0883473, NO 001 0883481, NO 001 0883507, NO 001 0883515, NO 001 0883523 and NO 001 0883531 Norwegian Air Shuttle ASA zero coupon perpetual subordinated convertible bonds registered at Foretaksregisteret on 26 May 2020 (Perpetual Bonds). The maximum share capital increase resulting from conversion of the Perpetual Bonds shall be amended to NOK 2,007,047,100.

Reference is made to ISINs: NO 001 0884646, NO 001 0884653 and NO 001 0884661 Norwegian Air Shuttle ASA zero coupon perpetual subordinated convertible bonds registered at Foretaksregisteret on 8 June 2020 (Additional Perpetual Bonds). The maximum share capital increase resulting from conversion of the Additional Perpetual Bonds shall be amended to NOK 122,832,956.”

ITEM 19: AMENDMENTS TO THE ARTICLES OF ASSOCIATION

19.1 Amended Article 5

Article 5 of the Articles of Association currently states that the board of directors shall consist of six to eight members as determined by the general meeting. The board of directors proposes that Article 5 of the Articles of Association be amended to read as follows:

“The board of directors shall consist of five to twelve members.”

19.2 Amended Article 8

Article 8 of the Articles of Association currently states that the nomination committee shall consist of four members who shall be shareholders or representatives of shareholders. The board of directors proposes that Article 8 of the Articles of Association be amended to read as follows:

*“[...] The committee consists of **minimum three** members who shall be shareholders or representatives of shareholders [...]”*

19.3 Amended Article 9

Article 9 of the Articles of Association currently states that the entire board of directors will serve as the company's audit committee. This is neither in line with the NUES guidelines nor reflects the current market practice. In addition, similar companies do not have such a provision in their Articles of Association. The board of directors therefore proposes the following resolution:

“Article 9 of the company’s articles of association is hereby rescinded. The numbering of Article 10, 11 and 12 shall be amended accordingly.”
